THOUSAND PERISH IN BLAZING HAKODATE

Taxi Drivers Run Riot on Broadway Surprising Police

Cars Wrecked and Passengers Assaulted by Strikers—Policeman Kicked in Face—Tables Quickly Turned When Reserves Called Out—Streets Soon Cleared and Order Restored

NEW YORK, March 21 (AP).—Striking taxi drivers and sympathizers—5,000 of them—ran riot on Broadway tonight. They marched down to Times Square just as the curtains fell in a dozen theatres, and thousands of theatregoers jammed the sidewalks.

Before the police on duty could call reserves they swung into action, wrecked cars they captured, and threw bricks through windows of those which sped through their lines, charged the outnumbered patrolmen with clubs and hauled passengers unceremoniously from the rear seats of stalled cars.

AFTER THE BATTLE

When the battle was over one policeman was suffering from a kicked face, one man was slightly injured, and two were arrested.

The reserves, summoned after hard-driven police saw their companion, Patrolman John Musigale, knocked down and kicked when he tried to make an arrest, cleared the streets in short order with radio cars and a flying squad of company-owned taxis manned by detectives.

The same strikers, who, a moment before when they outnumbered the police on duty by more than 100 to one, had screamed "Beat the cops" and charged police lines, separated into small groups and fled in all directions, charged the outnumbered patrolmen with clubs and hauled passengers unceremoniously from the rear seats of stalled cars.

FIFTEEN HOLD 300

At the Grand Central terminal on 42nd Street, cross-town main street of Manhattan, a gang of about 300 strikers and sympathizers were held at bay by fifteen policemen while a company driver remained in his cab inside the taxi lines.

BOMB IS AIMED AT JEW'S CAR

First Thought Prussian Premier Object of Outrage in Berlin Street

BERLIN, March 21 (AP).—A tin can filled with high explosives was hurled on the famous Unter den Linden today and wrecked a taxi containing David Oliver, Jewish owner of a motion picture theatre.

First reports which reached Berlin were that the bombing was an attempt to assassinate Hermann Wilhelm Goering, Premier of Prussia, and close associate of Chancellor Hitler, were denied. Evidence indicated that it was a plot against the life of Oliver.

The automobile was wrecked near the intersection of the avenue with the Wilhelmstrasse and Oliver's chauffeur was seriously injured.

Members of the family of the theatre owner, a native of Austria, but for thirty-five years a resident of Berlin, refused to discuss the affair. He was "at home," it was said.

FILM WAS BANNED

It was at the theatre recently that anti-Jewish demonstrations resulted in the banning of the film "Gentleman of the Great" featuring Elizabeth Bergner, a Jewess.

Rumors that Goering had been seen to drive past the corner shortly before the explosion lent color to the story that he was the intended victim, but there met a vigorous denial from police.

The Premier, he said, was attending the ceremonies opening a ship dock at Neustadt.

Police offered \$5,000 mark (about \$1,985) reward for information to clear up the mysterious explosion.

REEVE RELEASED ON \$3,000 BAIL

Solomon Mussalem of Maple Ridge Arrested After Fatal Traffic Accident

VANCOUVER, March 21 (CP).—Hugh Irving, ten, 3000 block Denbigh Street, Burnaby, was instantly killed in an accident here late this afternoon.

According to police reports, the boy was riding a bicycle on Kingsway, and, on turning into Royal Oak Avenue, was struck by a car driven by Reeve Solomon Mussalem of Maple Ridge municipality. Mussalem was arrested on a technical charge of manslaughter and was released on \$3,000 bail.

DEAF MUTE WINS CASE

Group Movement Team to Tour Canada

CANADA is about to be invaded once again by the far-famed Group Movement teams which swept across the country in sensational style last year. Here are shown members of the group as they arrived in New York headed by Dr. Frank Buchman, who is seen in the center of the group. Dr. Buchman calls his group a "far flung army of life-changers."

POLITICAL PURPOSE OF S.P.A. IS REVEALED BY ATTORNEY-GENERAL

Dictatorship Measure Considered by Government as Challenge to Ottawa, Which if Disallowed Would Provide Good Hustings Cry at Federal Election—Opposition Continues Attack

POLITICS in the Federal field loomed largely behind the Pottulillo dictatorship bill, following Government participation in the debate on the Special Powers Act, yesterday afternoon. It was revealed that the Government realizes that there is a possibility of the measure being disallowed at Ottawa. Such a contingency, it was frankly stated, would provide the Liberal Party with material for the hustings in the next Dominion election. This fact came out following renewed attacks by Opposition members against the principle of surrendering the rights of the House of Assembly to the Cabinet.

FREER SALE TO BE PERMITTED

Ontario Government Easing Restrictions on Consumption of Beer and Wine

TORONTO, March 21 (CP).—The Ontario Government tonight moved to provide for freer sale of beer and wine in the province. In the dying moments of a dreary session with estimates and minor matters, the Government surprised the Legislature into frenzied applause with presentation of the long-awaited and much discussed bill.

- 1. Sale of beer and wine with meals in dining-rooms in standard hotels and such other places, which would include restaurants and clubs, as the board may decide.
- 2. Sale of beer by the glass in refreshment rooms in standard hotels, in veterans' and labor union clubs.
- 3. Full control will be maintained by the control board.
- 4. The board may dispense with the present permit system.
- 5. The board may permit advertising in newspapers and by radio.
- 6. The board may grant permits for the consumption of beer and wine at banquets.

Gordon Sinclair's Children Injured

ISLINGTON, Ont., March 21 (CP).—Two children of Gordon A. Sinclair, prominent Toronto newspaper feature writer, were injured Tuesday night, when struck by a motor truck while walking along the road. Miss June Cassidy, the children's maid, suffered severe facial injuries.

PRESIDENT RE-ELECTED

OTTAWA, March 21 (CP).—Major C. R. Crowe, of Guelph, Ont., who has been an enthusiastic rifle shot for more than half a century, was unanimously re-elected president of the Dominion of Canada Rifle Association at the annual meeting, held here today.

Terrible Suffering Among Thousands of Homeless Survivors

Chimneys Blown Over by Wind Start Fires That Grow Into Conflagration—Three-Quarters of Japanese City in Ruins—Storms Delay Arrival of Relief Vessels

TOKIO, March 22 (AP).—At least 1,000 persons were known to have been killed, today, in a fire which devoured three-fourths of the city of Hakodate, largest community in Japan north of Tokyo. Twenty-five thousand buildings were destroyed, and 150,000 persons were made homeless, according to figures in a message received by the Minister of Communications from the Hakodate wireless station on the outskirts of the ruined city. The fire rode an equinoctial gale, which whipped it into a night-long fury. The city was still burning after sunrise, although the gale was reported abating. Chimneys, toppled by violent winds, set fire to roofs, causing the general conflagration, reports said. Nearby suburbs also caught fire.

Survivors Of Wreck At Manila

MANILA, P.I., March 22 (AP).—Hazard and won after twenty-four sleepless hours, the twenty-five members of the crew of the Italian freighter Oranito, which foundered early Tuesday off the Luzon coast, arrived here today.

Captain R. Massino said the ship was taking 400 tons of salt from Singapore to Hongkong when she struck a submerged object, possibly a derelict, and sank within an hour and a half. The crew took to small boats and were picked up three hours later by the Filipino motor vessel Christina, which transported them to the coast. From there they made their way to Manila.

MAY ASK U.S. POLICE TO AID

Leaders of Spy Ring to Be Sought Along World-Wide Trail

PARIS, March 21 (AP).—Leaders of what secret police called the biggest spy ring in history were being sought today along a world-wide trail as Judge Andre Benon, in charge of the investigation, considered asking police of United States for help.

The magistrate sought specifically to uncover angles leading through New York, where Robert Gordon Switz and his wife were recruited as members of the alleged spy syndicate and where, authorities said, apprehensive of a "rock of trouble" in any party between the two nations, pointed out no one would be more pleased than Britain if the two others could smooth out their differences.

Seeks Right To Conduct Sweepstakes

QUEBEC, March 21 (CP).—The following notice of motion in the name of Premier L. A. Taschereau will appear on the agenda paper of the Quebec Legislative Assembly tomorrow.

"This House invites the Federal Government to amend the Criminal Code of Canada in such manner as to permit this province to organize a lottery for educational and charitable purposes, according to the terms of the act recently unanimously adopted by this House."

Repudiation of C.C.F. Leadership Widens Split Within Party

T. Guy Sheppard Hotly Attacks Chief and Section of Socialist Group in House—Rev. Robert Connell Says He Could Not Accept Motion

THE split in the ranks of the C.C.F. party widened yesterday, when T. Guy Sheppard, one of the leaders of the movement on Vancouver Island, and an approved candidate of the party in Victoria at the last election, openly repudiated the leadership of Rev. Robert Connell, official Opposition chieftain in the Legislature.

That the cleavage is not confined to the two men is evidenced by the fact that it had its origin in a motion tabled by Mr. Sheppard and enthusiastically endorsed by 500 members of the C.C.F. at a meeting on Monday night. The resolution, which condemned the actions of the Government in connection with the Special Powers bill, now before the Legislature, favored the organization of demonstrations and general strikes among other methods of demonstrating popular disapproval of the purpose of the Government to curtail the rights and liberties of the Legislature.

The next move came from Mr. Sheppard.

PLANNING NO NAVAL RACE

British Prime Minister States Position on Warship Building Programme

LONDON, March 21 (CP).—Prime Minister Ramsay MacDonald assured the world today the United Kingdom has no intention of precipitating any naval race, while reports from Washington suggesting a preliminary naval conference between the United States and Japan were scanned here with approval but without much hope.

While the Prime Minister was telling the House of Commons Britain was keeping strictly within treaty limits, having in mind only her own defensive needs, much interest was evoked by the exchange of notes between the United States and Japan, in which a two-power naval conference was mooted as a preliminary to the general Naval Conference expected in 1934.

BIRDS MAY BE TRANSFERRED

Present Sanctuary at Elk Lake Expected to Be Moved to Beaver Lake

Although no definite action was taken, it is expected the present bird sanctuary at Elk Lake will be moved from its present location to Beaver Lake, following a meeting of Victoria-Sanichi beaches and parks committee, yesterday.

In view of the serious objection, raised, recently, to the swans and geese in Elk Lake, the committee held a lengthy discussion on the matter. Cecil French and Francis Kernode were called in as an advisory board, and suggested moving to Beaver Lake.

Their proposal is to move the complete sanctuary from the southeast side of Elk Lake to the narrow joining Beaver and Elk Lakes. A boom would be erected over the narrow, in order to prevent the birds from crossing into Elk Lake.

TWO DIVISIONS

If, however, it was found the birds were interfering with bathers in Beaver Lake, another boom would be constructed across the centre of the latter lake, thus making a central division exclusively for the birds.

The meeting was held in Brentia Lodge, Brentwood, and the committee adjourned to the lakesfront to witness the proposed sanctuary. Reeve William Grouh, chairman, asked Mr. Kernode and Mr. French to place their proposal in writing before the next meeting of the committee. He also called for estimates from the city and municipal engineers.

PRINCE FLIES TO WATCH CUP FINAL

Teams of Unemployed Meet at Wembley Before Thousands of Jobless Spectators

LONDON, March 21 (CP).—The Prince of Wales flew from Southampton to see a "cup final" of a new kind today at Wembley Stadium, where the classic soccer cup match will be played, April 28.

It was the first of the London Occupational Soccer League tourney, the teams in which were drawn from the workless men of various metropolitan districts.

Five thousand spectators, mostly unemployed like the players, gave an ovation to the Prince, who shook hands with the players on both Greenwich and Walthamstow teams and chatted with several of them.

Italy and Britain Hereditary Friends Says Lecturer Here

Commendatore Luigi Villari Addresses Audience on "An Italian Looks at England"—Meeting Sponsored by National Council of Education

ITALY and Great Britain are the two countries in Europe that understand each other best. They constitute the principal bulwark for peace today," declared Commendatore Luigi Villari, last member of the Italian group brought to Canada by the National Council of Education, in the stimulating and optimistic address that he gave at the Empress Hotel, last evening, under the auspices of the local branch of the organization which has sponsored the tour.

Using as his text, "An Italian Looks at England," Signor Villari looked at ancient as well as modern history to produce evidence of Italy's age-old associations with Britain and the traditional friendship which these connote. Bound together by hereditary understanding and similar viewpoints and principles in economic, military and diplomatic policy—like bent on a policy of peaceful relations with the rest of Europe—they represented a force

Cannot Be Tried For Sedition by Military Judges

DUBLIN, March 21 (AP).—General Eoin O'Duffy and his Irish Blue Shirts won an important victory over the Government today when the High Court ruled that O'Duffy cannot be tried for sedition and inciting to murder before a military tribunal.

The Government had sought to put O'Duffy, leader of the opposition movement, on trial before military judges on the charge that he incited his followers to attempt to murder President Eamon De Valera.

nections, however, the two countries maintained their traditional friendship. The speaker recalled, too, that during the Crimean War, Italian and British troops had fought side by side against Russia, and that when, in 1861, Italy decided to join the Triple Alliance with Germany and Austria, she had insisted, before becoming a signatory, on the insertion of a clause whereby she would not have to take part in any war in which they were involved if Britain were on the other side. Signor Villari expressed regret that Italy had missed the opportunity of collaborating with Great Britain at the time of the occupation of Egypt, citing as one of Italy's statesmen at that time.

"13" No Jinx to Committee Men of Saanich, Victoria

Joint Parks and Beaches Body at Meeting Yesterday Undaunted by Superstition

If members of the City and Saanich Councils were superstitious, they would be "13" today, for last night.

When the Victoria-Saanich beaches and parks committee, comprising Reeve William C. Finch, chairman; Mayor David Leeming, Aldermen James Adam, J. D. Hunter and J. A. Worthington and Councillors G. A. Vantrigh and Fred Borden left the City Hall in the morning on their annual tour of the beaches and parks, the party numbered thirteen.

No casualties were reported when the committee wound up its business and met for luncheon at Brella Lodge. They were met there by Councillor L. C. Hagan, Saanich representative, thus making the total number present fourteen.

PEDESTRIAN AVENGED

BRIDGEPORT, Conn., March 21 (AP).—Emory Sathalo drove his automobile through a puddle, showing the number "13" on the front fender. He was convicted in court of "assault and battery with an automobile," and fined \$5.

Italy and Britain in the League of Nations was touched on. There were disputes between the two countries over the League of Nations, but there were more disputes between "certain groups in the Anglo-Saxon countries who think their foreign policy is inspired by high altruistic motives," the speaker said. "The Italian is inspired by greed." This viewpoint had bred ill-feeling in Italy. It was rather absurd, said the speaker, to pretend that the foreign policy of any country was entirely altruistic.

One phase of policy in which Italy and Britain had acted together consistently was in their attitude towards Germany. Once the war was ended these two countries ceased to bear a grudge against Germany. Even admitting that Germany was chiefly responsible for the outbreak of the war, it was recognized, the speaker continued, that it would be impossible to keep a nation of sixty millions permanently outside the polity of nations. Whatever the moral attitude on the question, there was bound to be a dangerous reaction in Germany if this were done. Subsequent events had shown this view to be right. It was more than probable that had this view been more generally accepted, the recent Hitler outbreak might not have happened. In this connection, too, the speaker deprecated what he characterized as "the extracting of astronomical reparations" from Germany. Both Italy and Britain today were very anxious about the situation in Germany.

Colonel H. T. Goodlands presided.

SENATOR RULED OUT OF ORDER

Unable to Discuss Motion That Canada Withdraw From League

OTTAWA, March 21 (AP).—A discussion on whether Canada should remain a member of the League of Nations was choked off in the Senate today, when, giving notice of motion urging Canada's withdrawal, Senator A. D. McLean was ruled out of order as he sought to amplify his remarks.

The rules of the Senate forbade any but the briefest explanation on the notice of motion and, insisting on observation of the rules, Senator James Murdock secured the approval of Mr. Speaker Blomfield to cut off Senator McLean's address before he had gone far.

Amotion to expunge Senator McLean's remarks from the records of the House, put forward by Senator Murdoch, was not "seconded" with.

FAILURE RECOGNIZED

Senator McLean's resolution was couched in the following terms: "That this House be of the opinion that Canada should withdraw from membership in the League of Nations, and that no further motion should be voted to the league."

He said it was the failure of the League of Nations to attain the object for which it was founded, namely, world peace, was now generally recognized.

The present deplorable preparations for war throughout the world are disturbing to every lover of peace," he added. "The responsibility that may rest on Canada, as a member of the league, to take part in future wars, if Canada should participate in the negotiations immediately preceding the outbreak of another world war, is a matter of concern to every Canadian."

Drastic and far-reaching powers were necessary for the Ministry in the days to come, and the Government had gone no farther than was reasonable in presenting the S.P.A. bill, Mr. Sloan concluded.

BILL IS ATTACKED

Five members to the left of Mr. Speaker participated in the debate before it was adjourned by E. E. Finch (C.C.P., Burnaby) until today.

Hugh Savage (Independent, Cowichan-Newcastle) said that if there was any failure in the democratic system of government it had arisen through failure of the people to control themselves. Self-interest and greed had caused a complication of miseries, with reaping of a whirlwind the logical result of years of apathy in what Governments did in seeking such wide powers.

The Government in this instance was placing a weapon in the hands of Socialists, and the dictatorship suggested in the measure was emphatically not the right way out. Had the caucus succumbed already to the dictatorship? Mr. Savage asked in conclusion.

R. B. Swales (C.C.P., Delta) said no mention of special powers had been made at the election. If the Government desired additional rights, the C.C.P. was prepared to remain in session for 365 days if necessary, and would be ready to co-operate in any reasonable plan

Three Injured in Motor Accident

SALINAS, Calif., March 21 (AP).—Jean Robertson, twenty-two, a nurse, of Vancouver, suffered a fractured pelvis and collar bone in an automobile accident here today. Her brother, M. M. Robertson, and her younger sister, Betty, suffered minor injuries. Robertson's automobile collided with a truck as they were en route to their Vancouver home.

POLITICAL PURPOSES OF BILL REVEALED

Continued From Page 1

the Legislature could, if it pleased, later annul every action taken by the Ministry by virtue of the S.P.A. measure.

NEW STATESMANSHIP

Speaking in general terms, the Attorney-General said the older traditions of older statesmen were not good enough for youth, faced by fresh problems and the distress of unemployment. The time had come to decide which was to have preference, the sanctity of property, or the sanctity of human needs.

Sanctity of contracts should apply to more than contracts on the wages of money.

When we go on burdening generations unborn? Surely we will have the courage to see that youth no longer is to be sacrificed on the altar of money. We must have the courage to take action," Mr. Sloan declared.

Mr. Sloan accused the senior member for Vancouver-Burrard of mental somnambulism, and said that the clause he had introduced in order paper a motion to amend the Economic Council Act which was on all fours with the S.P.A., but even broader in its ultimate scope. The Legislature held, within territorial limitations, all the powers of the Imperial Parliament, and could empower the Cabinet to act as now requested.

Drastic and far-reaching powers were necessary for the Ministry in the days to come, and the Government had gone no farther than was reasonable in presenting the S.P.A. bill, Mr. Sloan concluded.

to fulfill the Government's pledge of work and wages. Passage of the S.P.A. would be the death of the provincial Liberal Party, he declared, in conclusion.

WAR FOR DEMOCRACY

Ernest Bakewell (C.C.P., Mackenzie) said he had been brought up to believe that the rights of Parliament meant something, a privilege fought for through countless years by man in his struggle for freedom. Veterans in the war, of which he was one, had been led to believe they fought to make the world safe for democracy. Rt. Hon. W. L. Mackenzie King, in attacking blanket unemployment legislation at Ottawa, had stood up for the rights of the people; yet here was a Liberal Government proposing that it be given carte blanche to deal with all the natural resources of the province without let or question, to write blank cheques, and to make laws by decree.

John Price (C.C.P., Vancouver East) said the House now knew that the Premier's election promise of going to Ottawa to "talk turkey" to the Dominion was just "buncombe." In the S.P.A. measure the Government was making a bet on the S.P.A., either by referendum or through a general provincial election.

Some time ago the board waived collection of the fee, and asked legal advice prior to re-taking the agreement completely. It was suggested that all parents and guardians affected be notified by registered letter to this end. However, the board felt this would be a costly business, and probably some other arrangements could be made.

Since Hon. Dr. G. M. Weir's new educational bill, allowing free education until eighteen years, or until matriculating from Grade XII, does not come into effect until January, 1935, the board finds it necessary to break the existing agreement. PLAN TO BREAK FEE CONTRACT

Saanich School Board Discusses Ways to Erase Previous Past With Pupils

Preliminary discussion, prior to breaking the existing contract between Saanich Municipal School Board and students eligible for fees at the high schools of the district, took place at a board meeting last night. The matter will be finally settled at the next general gathering.

Trustee Walter P. Jeune pointed out that in an interview with the municipal solicitor, he was informed that three months' notice would be necessary before the contract could be broken. The contract is an agreement between the board and pupil that the latter pay a \$10 fee per year for tuition over the age of fifteen years.

Many Improvements Are Made in Parks System

Beacon Hill Chief Benefactor—Stream Is Made More Picturesque—Fine Oak Grove Developed—Gorge Park Still Retains Popularity

Many outstanding improvements have been carried out in the city's park system, which is administered by the parks committee, of which Alderman John Worthington is the chairman, the annual report of W. H. Warren, park superintendent, revealed, yesterday.

Beacon Hill Park is beginning to lose some of its scrappy appearance of former days. Japanese cherries, maples and cryptomerias have been planted along the edge of the new stream. Bog gardens have been constructed along the edge of the lake and planted with iris, gunners, bamboo, primulas, etc. The islands also have been thoroughly cleaned and planted with bamboo, Japanese cherries, yellow willow, periwinkle and cotoneasters.

COURSE ALTERED

The course of the new stream has been altered at its outlet to form a more picturesque waterfall, while

several old trees were removed and the outlet planted with new shrubs and trees.

A start has been made, the report continued, to reforest outlying sections of the park with Douglas fir, Sitka spruce and white pine. The policy of confining the broom to a limited area has been continued, and some oak trees on the hill have been thinned out. These young oak groves promise to be one of the most interesting sections of the park, Mr. Warren states.

A splendid collection of shrubs and trees is now being grown in the nursery, and new material is being raised to replace trees which have recently been removed from the boulevards.

An inventory of birds, waterfowl and animals was submitted with the report, showing the total number to be 366, mostly fowl.

Minor improvements were made to Central Park. No new work was done at Clover Point beyond the establishment of a public bathhouse by the Clover Point Anglers' Association. This project was sponsored by the park committee, however.

MANY BATHERS

At the Gorge Park, an attendance of 30,144 persons was recorded in 1933 at the public bathing house, an increase over 1932. No fatalities were reported during the year, although there were six rescues. Twenty-five persons were taught life saving, and twelve successfully

DEVELOPMENT IS DELAYED

Complete Nationalization of Radio Only "Pious Hope," Says Chairman

ALD. JOHN WORTHINGTON

OTTAWA, March 21 (CP).—Complete nationalization of radio broadcasting was still in the distant future and taking over by the Canadian Radio Broadcasting Commission of the sixty odd privately owned stations remained only a "pious hope," Hector Charlesworth, chairman of the commission, told the radio commission of the House of Commons today.

In the meantime, so that those in isolated districts may not be deprived of good radio reception, new licences for privately owned stations have been granted.

Financial stringency had prevented full development of radio along the lines laid down by the legislation of 1932, Mr. Charlesworth said, but a vast improvement had been made, and further development would result as revenues permitted.

The committee adjourned until Friday.

NOT PROPER PICTURE

To W. A. Beynon (Conservative, Moose Jaw), who asked if it were true a Regina station had been ordered to spend \$16,000 to put the plant in order, or close up, Mr. Charlesworth said that was not quite the proper picture.

The station had been advised of certain improvements necessary, and he expected the owners would be glad to make them.

Mr. Charlesworth corrected a statement he made on his last appearance respecting the readers of Canadian newspapers.

On that occasion, speaking of news broadcasts, Mr. Charlesworth was quoted as saying 80 per cent of the people of Canada never saw a daily paper.

CORRECTS STATEMENT

"Apparently that was what I said but it was certainly not what I intended to say," Mr. Charlesworth declared. "What I meant was that 80 per cent of the people did not see an afternoon paper until after the evening news broadcast."

Speaking further on the subject of news broadcasts, Mr. Charlesworth said the arrangement of the C.B.C. with the Canadian Press was much better than similar agreements between United States radio and news services. In United States the radio could not use news until after it had been published. The Canadian news broadcasts were not so restricted.

TO BE BURIED TODAY

Private funeral services will be held this afternoon at 1:30 o'clock at the ladies' chapel, Christ Church Cathedral, for Mrs. Fannie Withers, who passed away at the family residence, 1932 St. Ann Street, on March 19. Dean C. S. Quinlan will officiate, and the remains will be laid at rest in the Royal Oak Burial Park.

WITHDRAW FROM RACE

Robert J. Stewart, George J. Cook, Thomas Bridgen and John McGrath had previously announced their intention of running. However, it was learned that Mr. Stewart and Mr. McGrath would not be in the race on the eve of the nominations. It was expected the others would run.

Mr. Green's entry into the field came entirely unexpected, but assured a keen contest for the police board post.

The by-election, made necessary by the death of J. D. Mitchell, will be held Saturday, between 8 a.m. and 8 p.m. Section One residents will vote at the Municipal Hall, while 855 Craigflower Road has been set aside as a polling station for residents of Section Two.

THREE TO SEEK POLICE OFFICE

S. R. Bowden, C. Haithwaite and W. Green Candidates in By-Election

Surprises marked nomination day in Esquimalt, yesterday, when Returning Officer J. R. Collier received nominations of candidates for Saturday's by-election for the post of police commissioner: the municipality. Three placed their names for the election, one of whom had not previously announced his entry.

Those nominated were as follows: Bowden, Sidney Robert, 405 Constance Avenue, newspaper advertising clerk; proposed by A. R. Wolfenden, seconded by Martha Loftis.

Haithwaite, Charles, 1109 Esquimalt Road, engineer; proposed by A. Head, seconded by P. S. Going.

Green, William, Admiral's Road, moulder; proposed by M. W. Bishop, seconded by John R. Johnston.

Robert J. Stewart, George J. Cook, Thomas Bridgen and John McGrath had previously announced their intention of running. However, it was learned that Mr. Stewart and Mr. McGrath would not be in the race on the eve of the nominations. It was expected the others would run.

Mr. Green's entry into the field came entirely unexpected, but assured a keen contest for the police board post.

TO MAKE SURVEY OF TRAVEL TREND

Stephen Jones Leaves for California to Discuss Tourist Prospects This Season

Stephen Jones, manager of the Dominion Hotel, left Victoria yesterday afternoon, bound for California, where he will meet travel and publicity officials and discuss prospects for the coming tourist season.

Mr. Jones will stop off at Portland and go into travel matters with publicity officials of the Rose City, and during his stay in San Francisco he will consult the big travel agencies in respect to tourist routes to Victoria and other Canadian points this season.

There is every indication from inquiries already made through the established tourist agencies that travel to the Pacific Northwest will be greater this year, according to reports.

REACHES VERDICT OF ACCIDENTAL DEATH

A verdict of accidental death was reached by the coroner's jury that investigated the circumstances surrounding the passing away of Frank P. Rand, who was found lying in his bed early in the afternoon of Monday. He was found dead and fumes of gas filled the place on Broad Street, where the deceased occupied a room, living alone. The room served as living-room and bedroom combined.

Fred Wilson, who knew the deceased well, was called by another friend who had not seen Mr. Rand since Saturday, and the door was broken, allowing entrance. The window of the room was open about a foot from the top. The opinion of Mr. Wilson was that the deceased had been doing a little washing at the gas stove and after going to bed had decided to turn off the gas. In doing so, he had accidentally turned on another jet adjoining.

The deceased was nearly eighty years of age and had shown signs of declining activity of late, Mr. Wilson said.

The jury found no difficulty in reaching a verdict that death was accidental.

Celebration to Be Planned at Public Meeting

WITH a view to organizing a more ambitious May 24 celebration this year, the has been the case during the last few years, a public meeting has been called by Alderman T. W. Hawkins for Tuesday, March 27, in the City Council chamber. The meeting will commence at 8 o'clock.

All those interested in the celebration are asked to attend. Mayor David Leeming, in appointing Alderman Hawkins as chairman of the committee, gave Canada a new celebration that would attract visitors to Victoria, and revive memories of the more ambitious celebrations that were staged in past years.

WOULD PREVENT NICKEL EXPORT

J. S. Woodsworth's Resolution Is Withdrawn in House of Commons

OTTAWA, March 21 (CP).—Should nickel destined for the manufacture of armaments be exported from Canada? The House of Commons occupied today's brief sitting in discussing this matter, prompted by a resolution of J. S. Woodsworth (Labor, Winnipeg North Centre), to the effect that the metal should not be so exported.

Tied up with the resolution was a request that the League of Nations exercise control of armament manufacture by private companies and the exchange of raw material entering into such manufacture.

It was impossible to discover what proportion of nickel went into the making of armaments and what did not. Hon. Wesley A. Gordon, Minister of Mines, said, Nickel used in the manufacture of other articles could be re-extracted and applied to the making of arms. He felt there was too much war talk, and that this should be banned.

VITAL TO EXISTENCE

So far as Canada was concerned, the town of Sudbury had been built on nickel and the industry was vital to its existence.

The resolution was withdrawn, on the suggestion of Hon. E. N. Rhodes, Minister of Finance.

Two-thirds of the nickel produced in Canada went into armaments, Mr. Woodsworth said. Possession of 90 per cent of the metal placed this country in a strategic position inasmuch as it gave Canada a virtual monopoly. This fact enabled the Dominion to "speak with a voice" that could be heard around the world.

Mr. Woodsworth painted a picture of world conditions which showed conflicts either in progress or just recently composed in almost every continent. Armament manufacturers were working harder than they had for years. In the speaker's opinion the armament traffic should be placed on the same illegal basis as trafficking in drugs.

AGED CHINESE COMING HOME

Thousands Returning From Foreign Ports to Die in Native Villages

CANTON, China, March 21 (CP).—Thousands of aged Chinese arriving at Canton from North America and other foreign ports are being given free transportation on to their native villages "so that they may die at their old homes," according to a statement from the Overseas Chinese Relief Bureau.

The latest official figures gave more than 13,000,000 Chinese living abroad, but within the last year thousands of them have returned to Canton because the world-wide depression robbed them of their jobs or cost them the loss of a lifetime of savings. Most of the returned emigrants have been away from

forty to fifty years and are penniless. Every day about 200 of these aged people are sent back to their native villages by the relief bureau.

WILL CONVERT PIT INTO RANGE SHORTLY

Victoria-Sanich beaches and parks committee yesterday granted use of the gravel pit at Mount Douglas Park for use as a revolver practice range to C. L. Harrison, city prosecutor.

It was specifically stated in the resolution allowing this measure that use of the range was for police officers. Alderman J. A. Worthington voted against the motion on the grounds that it was dangerous for passers-by.

Why we believe in OVEN BAKING our Beans

Beans are good food any way you cook them. We have no quarrel with those who boil them. We do believe that by oven-baking our beans we make them more delicious to eat and easier to digest.

Every Fibre is COOKED

Heinz Beans are first thoroughly softened by long soaking in clean cold water. Then Heinz baking ovens dry-cook every bean through and through. It is this oven-baking that enables us to really saturate each dry, soft bean with rich, delightful sauce. It is this oven-baking that makes Heinz beans so meaty and "munchy," so easy to digest.

The oldest way of Cooking

Oven-baking is the oldest way of cooking beans. Oven-baked beans are a treat we remember from childhood. When you go to your dealer's, look for Heinz Beans with the word OVEN-BAKED on the label. We believe they will delight you. Prices are attractive.

POLICE LEAVE TO PROBE SHOOTING

ASHCROFT, March 21 (CP).—British Columbia Provincial Police left here tonight for Fifty-Nine-Mile House, Cariboo Road, to take into custody William Cairnie, twenty-eight, who is alleged to have shot over the telephone that he had fired four shots at Sidney Westbrook, thirty-six, and that he believed him to be dead.

Constable Morley Green, at Clinton, reported that Cairnie, over the telephone, had told him of the shooting.

"I plugged him with four shots. I guess he is dead. I didn't wait to see," Cairnie is alleged to have said.

Westbrook was a section foreman with the Pacific Great Eastern Railway, at Chasem, B.C. Cairnie formerly worked under him, but was laid off recently.

Stresses Importance Of Canada's Position On Routes of World

Aeronautical Director Says Strategic Value Recognized by Powerful Interests Already Working for Dominating Influence in Aviation

OTTAWA, March 21 (CP).—The immense strategic importance of Canada's position on the future air routes of the world was better appreciated "by the powerful aviation interests already at work endeavoring to establish and dominate world routes," than by Canadians themselves, J. H. Parkin, assistant director in charge of aeronautics, Division of Physics and Engineering, National Research Laboratories, said in an address here today.

There were important facts concerning Canada's geographical position that were not generally realized, he said. The Great Circle Route between the great industrial region of Europe, through London, Montreal, the shortest and most direct route, passed via Newfoundland almost directly up the valley of the St. Lawrence River.

Similarly the Great Circle Route to the Orient from Chicago passed through Winnipeg, north of Edmonton, through Yukon and Alaska, across Bering Strait, down the coast of Siberia and through the Japanese Islands.

S.P.A. ESSENTIAL IS CONTENTION

Will Not Wipe Out Parliament, Dougald McPherson, M.P.P., Tells Audience

"Don't let anyone tell you that it wipes out Parliament, for it doesn't. It simply asks us to delegate our powers to the Lieutenant-Governor-in-Council until the next session of the House," Dougald McPherson, Liberal member for Grand Forks-Owen Sound in the Provincial Legislature, told a gathering of the Ward Five Liberal Association last night, when discussing the S.P.A.

"Undoubtedly the Special Powers Act is agitating the minds of the people, and particularly the Liberals. I frankly admit that at first I was a bit startled, but I saw quickly through the situation," Mr. McPherson stated.

HAVE CONFIDENCE

If the people of this province had enough confidence in Premier Pattullo to elect him at the head of a strong Liberal party, does it not seem possible that they would make no mistake in renewing that confidence, particularly as nothing has been done of a character to shake the confidence of the people, he was elected," Mr. McPherson asserted.

In an attempt to illustrate that the S.P.A. was taking nothing away from the members of the Legislature, Mr. McPherson said that the only thing that was lost was the right to vote yes or no, or by his vote cancel that of another. Once the session was over, a member had no power. If a road were to be built, he could not say "Aye" or "No." If the Government decided to market some bonds in the United States, a member had no say in the matter once the Legislature had risen.

"STEALS NOTHING"

"Who steals my purse steals trash," that's Shakespeare," Mr. McPherson declared. "Who steals my legislative authority between sessions takes nothing from me," he added, declaring that the Act was an inquiry into the spirit of the law and the test of legality in the highest court in the Empire.

"I am going to vote for it because I think it is necessary. It is necessary because we are facing a stone wall, and we sense an opening. We do not know what that opening will be, but when it comes we want to be prepared to meet it," the member stated.

The Federal Government, Mr. McPherson said, had too long put the onus upon Provincial Governments in the matter of giving the employment question. While the country was waiting for Premier Bennett to act, it did not propose to starve, Mr. McPherson declared.

"LEAST EVIL"

"So I shall vote the S.P.A. although I am a radical Liberal, because it is the lesser of two evils and will bring about a larger good, he concluded.

Richard R. Burns, M.P.P. for Roseland-Trail, also spoke, recalling some incidents of the past when he resided in Victoria. He also gave a word picture of the constituency he represented, and concluded his address by making known his support of the S.P.A. He named each member of the Cabinet and spoke of the integrity, and then asked the audience if it thought that any harm would come from investing such a body of men with special powers to deal with an emergency situation.

Adjusted Hearing—In the city police court yesterday a further adjournment for a week was taken on the charges of assault laid against Yip Sing and other Chinese. They are charged with having assaulted a fellow countryman, the alleged offence dating back several weeks.

Protest Overtime—A resolution protesting the practice of giving regularly employed customs inspectors stationed at Victoria overtime pay, instead of employing extra men for overtime jobs, was passed by the Victoria Trades and Labor Council, last night, and will be forwarded to the Department of Immigration and Colonization at Ottawa.

May Organize—The Ward Five Liberal Association, at its meeting last night decided to ask the Central Executive to consider the formation of a Young Liberal Association. The plan is to have an organization rather than several ward associations of young people. It has been found that some of the wards could not interest enough young people to form a club.

Rotary Programme—Signor Luigi Villari will be the guest speaker at today's luncheon meeting of the Victoria Rotary Club in the Empress Hotel. His topic will be "An Italian's View of England." He is beginning a tour of Canada under the auspices of the National Council of Education. Members of the Men's Canadian Club are invited to this meeting.

Hold Election Soon—The annual election of officers of the Victoria Rotary Club will be held in the near future. Next Thursday forms will be available for members wishing to make proposals for office. The following week the nominating committee will be appointed and will consider proposals received. Offices to be filled are those of president and seven directors.

Slightly Injured—Mrs. Edna Barker, of 1109 Princess Avenue, suffered slight bruises to her thigh, yesterday morning, when she collided at the intersection of Blanshard Street and Pandora Avenue, with a motorcycle driven by an unidentified young man. The cyclist stopped his machine following the meeting.

differences, brightening the chances of replacing existing pacts with new ones at the end of 1936.

British leaders do not share the sanguine views indicated in the cordial Japanese and American messages that a naval accord between those two nations would not be difficult to achieve. In London there is not the slightest doubt Japan will press at the earliest moment for naval parity with the United States, and the fact this involves naval parity with Great Britain also is seen here as only incidental to the Japanese.

"I want to assure the House," Prime Minister MacDonald said, "that our naval programme is strictly within treaty limits, and not only that, but those who look part in the London Naval Conference were informed by the British representatives that, in agreeing to the figure we did, we had no margin, and they would have to assume that by 1935-36 every ton we set down would be required."

All the ships now being laid down were contemplated at the time the London Naval Treaty was signed, the Prime Minister said. After stressing the policy of the Government to maintain the maintenance of the League of Nations and reduction of armaments through international agreement, he added he did not think there was any risk of air raids on Great Britain—"and certainly not if the policy of the Government is carried out."

The House cheered this reference to the British suggestion of eventual abolition of military air forces contained in the latest British disarmament memorandum.

The navy, he went on, was of vital importance to Imperial defence, while the Fleet Air Arm was essential to a modern navy.

He reviewed the work of the committee of Imperial defence, declaring the Dominions' representatives attended for joint counsel or advice to the extent they themselves might decide.

In practice some of the Dominions were represented frequently both at the committee itself and on sub-committees in which they were interested. On a number of occasions in recent years some of the Dominions had asked for advice from the committee on their own defensive problems; the Dominions in turn were kept fully informed as to what the United Kingdom was doing.

These contacts were highly valued by the British Government, he said, and he had reason to believe they were valued also by the Dominions.

"A statesman is supposed to be familiar with all public questions," he said, "but not necessarily with all the answers."

MARSHAL AND DEPUTY ARE KILLED IN CRASH

SOUTH BEND, Wash., March 21 (AP).—Charles Straubel, deputy sheriff of Pacific County, and Gus Schultz, town marshal of Long Beach, were killed here today when Straubel's plane nose-dived and burned.

With Straubel as pilot, they were flying over the beach near this town about 3:45 p.m. when the ship crashed, the bodies being burned so that identification was difficult. Each man was about thirty-five years old.

The committee will meet again tomorrow.

Living Pictures Make Interesting Programme

Musical Art Society Presents Pleasing Variation From Customary Entertainment—Models for Portraits Most Aptly Chosen

An unusual and popular departure from the usual connection with the Musical Art Society's activities was its "Living Pictures" programme given yesterday afternoon at the Shrine Auditorium. In the course of an hour the spectators were introduced, through nine beautifully posed portraits, to the enjoyment of the various European artists from the time of Raphael to Whistler. Inter-spersed between these at intervals, and adding much to the enjoyment of the hour, were music and dancing that admirably harmonized in spirit and theme with the general atmosphere.

At such times one is particularly impressed with the versatility of talent that is available in Victoria. As convener of the pictures, Mrs. Eva Baird won many congratulations for the models she chose to represent the various portraits. In nearly every instance the characterization was lifelike. Although, owing to the limitations of a frame whose length and breadth could not be varied, the actual relative dimensions of the picture could not be reproduced in detail, in each instance the portrait was immediately recognizable without reference to the programme. Miss Violet Wilson's spoken "annotations," prefacing the showing of each picture, was a happy idea. She gave just enough, but not too much, information concerning the artist to refresh the memory and stimulate interest.

THE PICTURES

The first picture was Raphael's "The Madonna," beautifully posed by Mrs. James Cameron. The rich purple and green of the robes was a striking feature of the coloring in this portrait. Little Elaine Bendroff posed Reynolds' well-known "The Infant Samuel," the charmingly upturned child-face above the folded hands, the auburn hair, the half-parted lips reproducing the

artist's tints most delicately. Betty Joan Elworthy was no less effective in Millais' "Cherry Ripe," the innocence of her child expression being most appealing. The coloring of sash and the ribbon in the hat was a most truthful reproduction.

Two Franz Hals' paintings were reproduced in the next two pictures: "The Lute Player," vivid in red and black striped blouse and red cap, the right hand resting on the strings of the instrument, the face uplifted, posed by Douglas Gillan, and "Portrait of a Young Woman," posed by Maquinn Daniels, with a very graphic sense of the "seductive eye" and humorous expression of lip required.

SPANISH LADY
Goya's "Spanish Lady," the next portrait, was fascinatingly represented by Dallas Homer Dixon, who, without movement, conveyed a full sense of the ardent and dashing temperament of Goya's sitter. The coloring of the dress in this was bright.

Sargent's much-praised picture of Ellen Terry as "Lady Macbeth" was a strong portrait, Peggy Edwards making an arresting figure in her green draperies, against which the long braids of hair shone like embroidery.

As Rembrandt's "Portrait of an Old Lady," Mrs. J. O. Cameron gave a picture that so strikingly simulated the original that the audience broke into spontaneous applause. Here was a distinct personality, one such as the many that the immortal Rembrandt put upon canvas. Mrs. G. A. Bucklin's nicely-relaxed and very dignified pose was just as aptly expressive in the representation of Whistler's "My Mother," a happily-chosen example of this eccentric genius' art.

MUSIC AND DANCE
There was equally happy choice of artists for the music and dancing that rounded out the programme, although the audience showed distinct disappointment when it was announced that Mrs. T. A. Rickard would be unable to appear owing to illness. Her place was filled by Miss Doreen Wilson, a young singer with a charming soprano voice and a clear enunciation that made the words of the song easy to hear. Her numbers were "Child's Prayer" and "Little Brother." Kathleen Lavell, who has a promising young coloratura voice, sang very prettily Dr. Arne's "Lullaby With the Delicate Air" and "Swedish Folk Song," artistically accompanied at the piano by Sheila Conway.

In pale green and pale rose muslin

frocks, with pantalettes, ringlets and lace mitts, Christine Humble and Joan McKinnon, pupils of the Russian Ballet School, gave an early-Victorian dance that was daintily in keeping with the occasion. A delightful instrumental trio composed of Mr. and Mrs. Chris Wade and Gordon Shaw closed the programme, their first number being the mello allegro movement from Mendelssohn's "Trio in D Minor," and their second, which was movingly beautiful, Dvorak's "Songs My Mother Taught Me."

Quiet Wedding Is Solemnized

The marriage was solemnized quietly last evening at St. Mark's Church, Rev. O. L. Jull officiating, of Margaret Florence, daughter of Mr. and Mrs. J. H. Wright, 164 Burnside Road, to Mr. Arthur O. Cooke, son of Mr. and Mrs. E. A. Cooke, 3127 Millgrove Street.

The bride, who was given in marriage by her father, wore a charming two-piece ensemble of tulle and blue silk, trimmed with grey fur, and her grey close-fitting hat had a short veil. She wore a corsage bouquet of gardenias. She was attended by Mrs. Murry Dunn, a matron of honor, who wore a pale green two-piece ensemble, with a brown hat, trimmed with a veil, and brown accessories to match. Her corsage bouquet was of Ophelia roses. Mr. M. Dunn was best man.

RECEPTION HELD

After the ceremony a reception was held in Hampton Hall, which was beautifully decorated for the occasion with a wealth of Spring flowers. The bride and groom stood beneath a mauve and yellow floral arch to receive the best wishes of their friends, and were assisted in receiving by Mrs. Wright, who wore a smart black gown and hat to match, and by Mrs. Cooke, who was in a pretty black lace gown and matching hat. Both wore corsage bouquets of carnations.

Supper was served from a charmingly-arranged table, on which the wedding cake held the place of honor. Among the many lovely gifts received was a cabinet of flat silver, which was presented by Colonel J. H. McMullin on behalf of the members of the motor regiment of the Provincial Police, of which the groom is a member.

Mr. and Mrs. Cooke will make their home on Parkview Drive. Out-of-town guests at the wedding were Mr. and Mrs. W. Leith, Mrs.

Assisting With Horse Show

MRS. DUGALD GILLESPIE, one of Victoria's most expert equestriennes, is a member of the committee in charge of the Spring Horse Show to be held at the Willows on April 4, under the distinguished patronage of His Honor the Lieutenant-Governor.

Spring Horse Show Planned

A varied and well-balanced programme has been arranged by the committee of the Victoria Riding Academy and Hunt Club for the Spring Horse Show, to be given on Wednesday, April 4, in the Willows Horse Show Pavilion, under the patronage of His Honor the Lieutenant-Governor. After so many requests had come in after the display given last fall for a repeat performance, it was decided to hold another show and to devote the proceeds to the alleviation of unemployment in Victoria and the surrounding municipalities.

The breath-taking exhibition put on by members of the British Columbia Provincial Police, "A Division Mounted Squad," which proved to be the feature attraction of the December display, will be repeated. Under the direction of Corporal E. Williamson, members of the squad are engaged in practising several new stunts, which have never been shown in Victoria before.

MUSICAL RIDE
The musical ride used by the Royal Canadian Dragoons at the Toronto Winter Horse Show will be presented by the city's best riders. With its intricate involutions and figures, this routine is the most ambitious ever attempted by local riders.

The committee in charge includes Mrs. D. L. Gillespie, Mrs. J. Mathews, Mrs. D. B. Carley, Miss Margaret Robertson, Miss Margaret Whyte, Commander C. H. R. Silings, Dr. Thomas Mercer, S. P. Barley, William O. Findlay, D. B. Carley and D. B. McConnan. Tickets for the show may be obtained from any member of the organization or from Miss Margaret Robertson, E 1265.

Sidney

An interesting afternoon was spent at the home of Miss Gertrude Straight, L.A.B., A.T.C.M., when her pupils met for a study of folk music and the work of composers from 1600 to the present time. Those playing illustrations of the work of these composers were Muriel and Dorothy Hall, Dorothy Brethour, Helen Brethour, Doreen Mitchell, Sheila Small, Edward and Douglas Peck, Keith Hollands, Harold

Shamrock Dance Is Jolly Affair

The Langford community shamrock dance, held at the "Wishing Well," was an outstanding success and was attended by about 100 persons. The visitors were received by the president, Mr. J. Stuart, and the dancing was in charge of Miss A. G. Mackie, who acted as master of ceremonies. Miss Anne Rockingham, who was guest artist for the evening, contributed two dances, "The Irish Jig" and "The Shamrock Dance," and was accompanied by Miss Grace Carlyon.

A competition programme was also given, the prizes being as follows: Ladies' first prize, Mrs. F. H. Staverman, for "When Irish Eyes Are Smiling"; ladies' second prize, Mrs. A. Norman Brown, for "Father O'Flynn"; men's first prize, Mr. E. F. Gould, who sang "Mother Mac"; men's second prize, J. Trace, for "The Wicklow Wedding." Mrs. A. G. Mackie and Mrs. Gould acted as judges.

Several tables of bridge were in progress, prizes being won by Miss Savory and J. E. Macdonald, the consolation prizes going to Mrs. Macdonald and Mrs. M. A. Morrow. The wait prize was won by Mrs. R. M. Heggie and W. Betheridge. The prizes were presented by Mrs. J. Stuart, who also presented Miss Anne Rockingham with a beautiful bouquet of hyacinths.

Esquimalt Chapter Holds Tea Party

At the home of Mrs. W. H. Dallaway, 389 Lamson Street, yesterday, a delightful afternoon tea was held under the auspices of the Esquimalt Chapter, O.E.S. In the evening an enjoyable card party took place.

Mrs. Dallaway, who acted as general convener, was assisted in welcoming the guests by Mrs. N. Kelly, the worthy matron, and Mrs. H. Wise. The rooms were lovely with Spring flowers, and the tea table was arranged with daffodils, Easter

SIDNEY
The Sidney Y.P.S. met in Wesley Hall for its weekly meeting. "Is Modern Fiction Injurious?" was the subject of debate, Mae McIntosh, Gladys Roberts and Winnie Tapping taking the negative, and Willie Davies and Fred Daley the affirmative side. The team for the negative won. Initiation was held, when William Gardner, Frank Nunn, Harold Nunn and Fred Slater were initiated. Arrangements are being made to hold a play contest within the group. Art Gust is in charge. The annual Good Friday outing will take the form of a trip to Mount Shephard.

ST. AIDAN'S
The first regular meeting of the St. Aidan's Y.P.S. was held on Monday evening. Twenty-five young people were present. Mr. Gilbert gave an interesting talk on "Our Canadian Poets." A musical selection was given by Mrs. Gilbert and Mr. Boorman.

VICTORIA WEST
The Victoria West Young People's Society held its regular session on Tuesday evening, the meeting being in the form of a social, under the leadership of Mrs. Milley. Games were played, which created much enjoyment. This meeting was also held in honor of the former president, Miss Ina Robinson. Her successor as president is Mr. Jack Price. A presentation was made by William Lewis to Miss Robinson, on behalf of the members of the society, in appreciation of her work in the society for the past two years. Announcement was made of the young people's conference, to be held on Saturday and Sunday, April 7 and 8, in First United Church, under the auspices of the Young People's Union of the Presbytery. The final arrangements were made for the hike to Goldstream on Good Friday. Jack Price made an announcement of organizing a tennis club for the members of the society. The society was very much in favor of the suggestion. Further announcement concerning this matter will be made at the next meeting. At the close of the business, games were again played, after which refreshments were served by Mrs. Milley, assisted by Miss Jean Robinson, Peggy Burrows, May Wright and Wally Sommerville. George Tate provided much entertainment by his songs. Mr. Milley announced that the next meeting would be a "surprise trip." All members are asked to come and bring their friends.

Scriptmist Club
The Scriptmist Club dinner meeting will take place at Speedie's private dining-room on Friday, at 6:15 o'clock, instead of at the Y.W.C.A. Dr. W. A. Carrothers will be the guest speaker. Mrs. Marion Ord will give readings, and Master Thomas McMartin will provide musical selections.

Delightful Dance Is Held By Daughters of the Nile

That the Daughters of the Nile have made a reputation in entertaining was shown last night when Miriam Temple, No. 2, held a delightful dance in the Shrine Auditorium. More than 250 persons attended, and upon arrival they were welcomed by the queen of the temple, Mrs. Ada Brown.

The affair, which was in every way a success, was convened by Mrs. Neil McNeil, who was assisted on the dance committee by Mrs. G. R. Ford and Miss M. Hemmingsen. A popular four-piece orchestra gave a splendid programme of dances, in which several medleys were played which created an informal atmosphere, thus making the affair one of the jolliest ever held by the temple.

A sit-down supper was served in the dining hall. The individual tables were beautifully decorated with daffodils and lilies, which gave the room a Springlike appearance. The refreshments were in charge of Mrs. D. Cameron, Mrs. J. Birnie and Mrs. R. Morrison. For those not wishing to dance, bridge was arranged upstairs under the supervision of Mrs. F. Flaherty.

THE DANCERS

Among those dancing were Miss

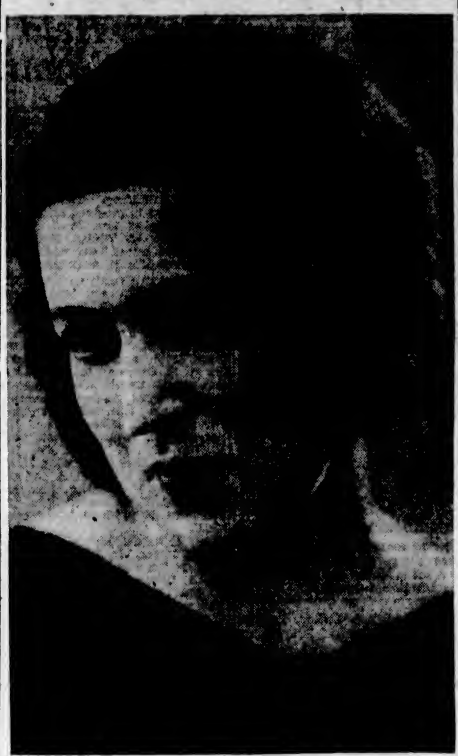

L. Marsh, Miss A. Scott, Mrs. N. Bjornsfelt, Mr. A. Brown, Mr. G. Snooty, Mrs. E. Pope, Miss G. Perry, Mr. and Mrs. J. Potts, Mr. and Mrs. Hanbury, Mr. and Mrs. J. Smith, Mr. and Mrs. And, Mr. G. Sum of \$385 Is Cleared at Sale

The Spring bazaar held yesterday afternoon in the Memorial Hall by the Women's Parish Guild of Christ Church Cathedral proved a social as well as a financial success, and the proceeds amounted to \$385. The stalls were charmingly arranged with Spring flowers and decorations of yellow and white. Mrs. J. H. Hinton was in charge of the fancy work stall; Mrs. Thomas, linen; Mrs. Rogers, aprons; Mrs. Fimmore, miscellaneous; Miss Lettice, tent-stall; Mrs. Chow, home cooking; Mrs. Robson, candy; the Junior Women's Parish Guild, "the little gift stall," and Mrs. Freyre, plants and flowers.

The tea tables were bright with daffodils and narcissi, and Mrs. E. Grant was tea convener. Mrs. George Miles, the president, and birthday.

THIS EASTER ... a triumph at your table..

SWIFT'S PREMIUM HAM

needs no parboiling... it's Ovenized

Clip these Simple Directions for Baking Premium Ham in a roaster. Add 2 cups of water, and cover the roaster.

- 1 Place a whole or half Premium Ham in a roaster. Add 2 cups of water, and cover the roaster.
- 2 Bake in a slow oven (325°), allowing 21 minutes a lb. for a large whole ham, 25 minutes a lb. for smaller (up to 12 lb.) hams or half hams.
- 3 When ham is done, remove from oven, remove skin, and cut into slices. Rub with mixture of 1/4 cup cloves; rub with mixture of 1/4 cup brown sugar and 1 teaspoon salt. Brown uncovered, for 30 minutes in a moderate oven (400°).

So that you may readily identify stores carrying the genuine Premium Ham and Bacon, Swift's have supplied their dealers with a display featuring the seal shown above.

VIOLATED LAW IN SELLING FLOWERS

Sunday Sale Contravenes Lord's Day Act, Says Magistrate Jay in Police Court

In the city police court, yesterday, the practice of selling flowers, that

has been going on here by Chinese, was declared to be contrary to the Lord's Day Act. Six accused of the offence were fined \$1 each for the first prosecution as a warning that the practice must stop.

A plea of not guilty was entered by Stuart Henderson, on behalf of one of the defendants, on the ground that the accused was not the owner of the establishment, but simply made the sale as an employee. The court held that the sale, being made, constituted an offence,

and a fine of \$1 was imposed. The others pleaded guilty and paid a similar fine.

What Today Means

"ARIES"

If March 22 is your birthday, the best hours for you on this date are from 10 to 11 a.m., from 1 to 2 p.m., and from 7 to 8 p.m. The danger

periods are from 8 to 9 a.m., from 3 to 4 p.m. and from 5 to 6 p.m. If March 22 is your natal day, it is advisable for you to make it a rule not to voluntarily involve yourself in other people's personal affairs. No matter how unselfish the motive is that might prompt you to advise, or interfere, in matters which do not concern you, remember many times your action may be misconstrued, and instead of appreciation, resentment might be your only reward. Be cautious

about contracting any financial obligations that you do not see your way clear to meet when due. It is a very easy matter to get into debt, but many times it is equally difficult to pay when payment is due. The severest strain upon friendship is where money becomes the bone of contention. A very good rule is to neither borrow, nor lend, unless both parties to the transaction understand that repayment is only to be expected when the borrower is in a position to do so. It is very seldom the party seeking financial

relief can tell definitely when it can be discharged, for our expectations frequently do not materialize. The child born on March 22, as soon as it is old enough to understand, should be taught never to make a promise, without first carefully considering what is involved by it, and if it feels confident that it can do what is requested when it gives its pledge. Too frequently children are placed in the position of having to promise this and that, in a position to do so. It is very seldom the party seeking financial

relief can tell definitely when it can be discharged, for our expectations frequently do not materialize. The woman born on March 22, as a rule, has an excellent mathematical mind, and is very quick at figures. Bookkeeping or the teaching of mathematics are fields in which she should prove most successful. If born on this date, you are methodical in your habits, and capable to absorb and remember what you read, which will prove invaluable to you in the future. You will not only give, but receive.

a great deal of love during your life. The man born on March 22 is gifted with a mind which will prove a veritable storehouse for useful knowledge of a practical nature, which will help further his business advancement. He is a magnet for love, and marriage will help him make a success. People born on March 22 have a great deal of personal magnetism, and make friends readily. Things of a scientific nature interest them. They are generous and affectionate.

GRAND NATIONAL STEEPLECHASE BILLED TOMORROW

Navy XI Eliminates Maccabees From Cup Series by 4 to 2 Score

Sailors Capture Opening Match of the Rennie & Taylor Cup Competition in Wednesday Football League—Dave Marr Nets Pair for Winners

Driving in a trio of tallies in the opening half to take a two-goal lead at the change-over, Navy scored eleven advanced into the next round of the Rennie & Taylor Cup series yesterday afternoon, at Heywood Avenue grounds, by turning in a 4-2 victory over Maccabees in the Wednesday Football League. A large crowd watched the sailors average themselves for the 4-1 defeat suffered last week in the final round of the Rennie & Taylor Cup series by the same club. A light ball and a fast pitch speeded play up from the start and few dull moments were witnessed during the ninety minutes.

The second round will take place Good Friday morning. Midweek officials will announce the draw for the next picture soon. Spencer's Hudson's Bay and the Garrison have entered, and along with the Navy, enter the semi-final.

DESERVE WIN
The Navy deserved their victory over Maccabees. Their front line worked well together, while their back division was sound as a rock. On the other hand, Maccabees were weak in front of the net, resorting to wild kicking instead of trying to place their shots. Even when they got inside the penalty area, they were exceptionally poor and passed up chance after chance.

Five minutes after the opening whistle, the sailors went into the lead, when their forwards swept down the field and worked the ball out to Walker at left wing. The outside man never hesitated and scored a beautiful goal with a lovely shot up in the far corner of the net. After several exchanges, the sailors made it 2 to 0, when Dave Marr headed in a great counter. Sweet's fine flick kick in the goal area. The ball just caught the rigging as Wilmshurst tried valiantly to save.

With Newell sending across some fine long kicks from the left wing, the Maccabees had several chances to break into the score column, but failed miserably. Chuck McDonald broke up several attacks with some splendid kicking and head work, but finally the losers scored when Newell hooked over a fine centre and Tommy Graves headed it into the middle of the goal. Not long after, the Navy widened their lead when Marr beat Wilmshurst with a fine shot on a cross from Walker to make it 3-1 at the interval.

QUICK GOAL
Two minutes after the final half was under way, Maccabees jumped back into the fight by scoring when Newell crossed and Roberts headed just under the framework. Play went up and down the field at a fast clip, with the sailors having the edge. Sweet and Walker were crossing beautifully, and the Maccabees' goal was subjected to some strong raids by the winners' forwards. After twenty-five minutes, Bennallack scored the prettiest goal of the match when he went fast, hooked the ball while in the air and then scored with Wilmshurst out of position. Sweet had made the opening with a fine centre from the wing.

Maccabees fought hard from then on, but their shooting was anything but good. During one of their attacks, Dick Caldwell, Navy goalie, was injured when two Maccabees forwards piled on him while making a save. Two goals still separated the teams at the final whistle.

Alcock handled the game well and teams fought:

Navy—Caldwell, McDonald, Stone, Hall, Dwyer, Hutton, Sweet, Marr, Bennallack, Roberts and Walker. Maccabees—Wilmshurst, Clarke, Spiller, Fieldhouse, Wallis, Hill, W. Graves, Roberts, T. Graves, Rose and Newell.

Dean Brothers Will Shoulder Big Part of Pitching This Season

DRADENTON, Fla., March 21 (AP).—The Dean boys of Oklahoma, have done their best this Spring to relieve Frank Frisch of worry about how far his pitching staff will carry St. Louis Cardinals in this year's National League pennant race.

Frisch has some pretty fair flingers on his staff, including "Wild Bill" Hallahan, Jesse Haines, Tex Carleton, Bill Walker and Burrell Grimes, but the brothers Dean, Dixie and Paul, have been collectively expressing an entire willingness to shoulder the main burden. Twenty victories apiece is the minimum they have set for 1934.

Outside of their mound staff, the Cardinals have a number of star players, but it is a question whether they have the right balance and enough batting punch. The trade of Jimmy Wilson to the Phillies for big Virgil Davis, who hit 349 last year, increases the batting power, but Wilson's skillful backstopping will be missed.

U.S. CAPTURES TENNIS MEET

Lott and Stoeftin Win From Borotra and Boussus in Doubles Match

NEW YORK, March 21 (AP).—George M. Lott, Jr., and Lester R. Stoeftin, defeated Jean Borotra and Christian Boussus, 2-6, 12-10, 4-6, 6-3, 11-4, tonight, to give the United States victory over France in the fourth renewal of international tennis competition between the two countries.

The triumph of the American doubles team made it a clean sweep for Uncle Sam's racquet wielders in the first three of five matches. In the singles matches played last night, Gregory B. Manin and Stoeftin defeated Boussus and Andre Meril, respectively, in five-set struggles, to give the American side an advantage of two points.

Regina Hoopmen In 52-30 Win in Provincial Final

REGINA, March 21 (CP).—After defeating the Moose Jaw "Y" team, 52-30, here tonight in the first of a two-game series for the Saskatchewan senior basketball title, Regina Caps will go into the final game favorites by a wide margin to retain the championship.

Second game of the series will be played at Moose Jaw, March 23.

"Seaman" Watson Retains British Feather Honors

GLASGOW, March 21 (CP).—"Seaman" Watson, British featherweight champion who failed last year to lift the world crown from the curly head of Cuba's Kid Chocolate, tonight retained his title by outpointing Johnny McMillan, of Scotland, in a fifteen-round bout.

KING CLANCY MAY QUIT IN TWO SEASONS

Defence Star of Toronto Figures on Hanging Up Skates in 1936

TORONTO, March 21 (CP).—At the peak of a brilliant career, selected by hockey experts, voting in the Canadian Press poll, as one of the two best defencemen in the National Hockey League this season, Frank "King" Clancy may play only two more seasons of hockey.

"As soon as I find hockey is affecting my health, I'll quit," the veteran of thirteen major league campaigns said today. "I love the game, but I've been in it a long time, and I figure two more years is as much as I can stand."

The Toronto Leaf defence star's announcement is not prompted by a feeling his health is suffering, at present, from hockey, or that his playing ability is dropping. He feels as well now as he ever has.

No amount of argument about his age—he is only thirty-one—or his consistently brilliant play can convince him that two seasons more will not make up his allotted span in hockey. After that, it will be a managerial job or some other connection with hockey for the "King."

Of course, if at that time his health is still good, and he is playing well, Clancy will continue in the game. But if there is a falling-off in either health or playing ability, the dynamic "King" will put away his flying skates for ever.

GREAT CAREER
When Clancy does retire, he will be able to look back over a career that has carved him a deep niche in hockey's hall of fame. He was a sensation when he broke into the game in 1920, and in his second season stood out in the play-offs, holding down every position on the team in a Stanley Cup game against Edmonton Eskimos, in Vancouver.

George Boucher was playing defence for Ottawa that year, with Eddie Gerard. Clint Benedict was in goal, and Frank Nighbor, Cy Denneny and Harry Broadbent up in front. Lionel Hitchman, Harry Heiman and Clancy were the only bluelines, and when injuries riddled the team, Clancy was used everywhere, including goal, for two minutes, when Benedict was penalized. He scored a shutout.

A capacity crowd of 13,000 fans kept up a continuous roar of excitement as the speeding Hawks ran up a three-goal lead in two periods, generally outplaying the Redmen.

The excitement rose to a crescendo in the final five minutes as the Redmen scored their only goal and finished with a burst of blinding speed that had the Hawks puffing badly when the bell ended the game.

McGill fans were dissatisfied with Referee Johnny Duggan, of Ottawa, and Duke McCurry, of Toronto. They showered rubbers, coins, newspapers and hats on the ice. The game was held up ten minutes in the final period as ice men cleared the playing surface.

Hawks showed a world of speed, ruggedness, smooth combination play and scoring punch to earn their win. The McGill team blundered about almost helplessly at times. Their passing plays were not clicking and their shooting was indifferent. They only showed their real calibre in the last few minutes.

Bert Connolly, a former Montreal boy, rang up the first goal for Hawks in the first period. He took a pass from Sammy Miller in the scramble inside the McGill defence and blasted a hard shot straight to the back of the McGill cage, making his shot with a tangle of McGill and Montreal players milling in front of the McGill goal.

LOOSE DEFENCE
Looseness on the McGill defence early in the second period gave Hawks an early goal. Dug James grabbed a loose puck just inside the students' blue line. He slid the puck forward to Sammy McManus, who dodged around Allan Hall and scored from just outside the goal crease.

In the last minute of the same period while Bill Gill was serving a four-minute suspension, he scored the lone goal for his college. He swept down alone, worked his way around Frank Shaughnessy and blasted the puck into the twine.

Blonde-haired Jack McGill scored the lone goal for his college. He Crutchfield gave him the puck from a wild melee inside the Hawks' defence and McGill sniped a clean-cut goal from ten feet out.

Line-ups:
Moncton—Goal, Foster; defence, Gill, Burrage, centre, Miller; wings, Connolly, Irvine, Subs, James, McDonald, McManus, Webster.

Moncton Hawks Win First Play-Off From McGill Icemen 3 to 1

Allan Cup Holders Show Great Power in Taking Two-Goal Lead Over University Squad in First of Two-Game Series—Students Off Color

MONTREAL, March 21 (CP).—The power that swept them to the Allan Cup championship last year has not deserted Moncton's high-flying Hawks.

Maritime champions again, they showed too much strength for McGill University's Redmen here tonight as they beat the Quebec champions, 3-1, in the first game of the inter-provincial play-offs, and skated off the ice with a two-goal lead they will carry into the final game of the series here Friday night.

Tenpin Bowlers To Meet Tonight At Arcade Alleys

A meeting of the Senior City and Commercial Tenpin Bowling Leagues will be held at the Arcade Alleys, tonight, at 8 o'clock, to discuss plans for the annual wind-up.

Arades won the Senior loop, while Advanc and Eagles will roll off for the Commercial League honors next Tuesday night. Advanc won first-half honors and Eagles second-half laurels. Members of both leagues are asked to attend.

FORBRA, KHAN'S CHOICE
The Aga Khan, one of the greatest figures in the English racing world, has been asked to repeat his 1932 victory. Forbra's owner, William Parsonage, thinks the same. Thomond is "fancied very much."

FAVORITE FIT
Young Bull Briscoe, trainer of Golden Miller, has the gelding in fine shape. He said tonight he should win if he can stay on his feet. Here are some more tips right from the stable:

Mrs. A. H. Head, owner of the Ace II: "He is stout-hearted and I have backed him each way. This is to win and place, in Canadian turf parlance."

The owner of Annandale: "He should jump the course." Delandale's trainer: "He has a good chance." Other trainers: "Cantilium II will give a good account of himself." "Ready Cash should run well."

So should Sorley Boy, in the opinion of Trainer Anthony, who hopes to see the big horse follow in Kellsboro Jack's tracks. Egremont is very well, but Francolino "Will take a lot of beating."

He "Should run well," Southern Hero "Should run well," and Southern Hue, another trainer points out: "Has never really failed—he has a good outside chance."

MACADAM WIDENS LEAD
McAdam and Jimmy Arnott, ace Vancouver defence man, added to Lions' lead in the first three minutes of play in the final period, McAdam taking the pass.

Walter McCartney put Lions further ahead when he swept through to beat the Calgary goalie from close in.

Eighteen seconds later Savage counted Tigers' last goal. Hooking the puck near his own blue line, he raced down the ice and fired a terrific shot that whipped into the Vancouver net.

Charlie Mason ended the scoring when he soled through and lifted a short one over McCusker's head, as the Tiger goalie dropped to the ice to block the play.

SUMMARY
First Period—1, Vancouver, Smith (McAdam), 10:23; 2, Vancouver, Smith, 18:33. Penalties: McCartney, Houbreg.
Second Period—3, Vancouver, Smith, 2:24; 4, Calgary, O'Neill (Gaines), 8:00; 5, Calgary, O'Neill, 12:12; 6, Vancouver, Kirk, 18:27.
Third Period—7, Vancouver, McAdam (Arnott), 2:38; 8, Vancouver, McCartney, 5:07; 9, Calgary, Savage, 5:25; 10, Vancouver, Mason, 14:58. Penalties: Savage, McCartney.

BIG FIELD TO FACE STARTER IN GREAT RACE AT LIVERPOOL

Gruelling Test Expected to Draw Thirty-Three Starters—Golden Miller Favored—Forbra and Gregalach Will Be Starters—Veteran Vancouver Pair to See Race

LIVERPOOL, March 21 (CP).—The greatest of all horse races, four miles and 856 yards of the toughest going there is, will be run on Friday for the ninety-sixth time—the Grand National Steeplechase. More than thirty "leapers" will start.

Experts have picked Dorothy Page's fine jumper and great stayer, Golden Miller, as the horse to beat, and his claims are truly impressive. At the same time there are two former winners in Forbra and Gregalach.

Forbra, back in the big chase with an impact of 161 pounds, won in 1932, at 50 to 1. The twelve-year-old Gregalach, winner in 1929, might have repeated last year if he hadn't ruptured a blood vessel. It is a brave man who bets the favorite in the Grand National.

LOGICAL CHOICE
Golden Miller, however, rightly must be regarded as the logical choice. He is the champion chaser at the present time, and was most impressive when he won the Cheltenham Gold Cup, recently, for the third successive year, easily trouncing such high-class jumpers as Avenger, Kellsboro Jack, Delandale and the French contender for national honors, El Hadjar.

But Golden Miller hit a fence at Cheltenham, and when they hit a jump at old Aintree, they don't often keep going.

Over the famous course this year the celebrated hazards have been untouched. Bechar's Brook and all the other old danger, and the distance is the same.

Early vanguard of the multitude that will pour into Liverpool from all parts of the world, is already on hand, including Sandy and Harry McPherson, nearly eighty years of age, who have come from near Vancouver, B.C., to realize a lifelong ambition to see the famous race.

Security Prices Drift Lower at New York Mart

NEW YORK, March 21 (AP).—Markets resumed their downward trend today after yesterday's efforts toward recovery.

Stocks drifted off quietly, wavering through to a lower close. The bond market, much less active than on Monday, finished irregularly lower, with United States Government bonds among the losers. Commodities yielded ground, too.

Speculative quarters were awaiting further developments in the United States labor situation.

Sales totaled only 1,087,050 shares, the smallest since March 5.

Closing moderately above the lows, the market showed net losses of about 1 to 2 points for General Motors, Chrysler, Nash, Hudson Motors, Case, Allied Chemical, Du Pont, New York Central, Pennsylvania, Santa Fe, Union Pacific, U.S. Steel and Bethlehem. Alcohols related better than other groups.

Metals were not very active, nor were utilities.

While the bond market had little appetite for recovery today, offerings dried up sharply on the decline and there even were a number of modest rallies just before the close.

Transfers totaled \$11,290,000, par value. Average for sixty domestic corporate issues was off 2-10 of a point at 84.9.

Foreign obligations were quiet and mildly mixed.

MAKES PLEA FOR HELPING FARMER

Court Application Here Under
Mortgage Act Leaked to Argue
on Leniency

H. A. Maclean, K.C., when an application came before Mr. Justice H. B. Robertson for foreclosure of a mortgage on farm property, made a very strong plea for the granting of every consideration for those who were making their living on farms.

In the United States, under the present conditions, he pointed out, everything was being done to keep men on the farms. They were even bonusing them by allowing remuneration for the ploughing under of cotton fields. It was estimated that 10,000,000 men had left farms in the United States and crowded into the cities.

The application was made on behalf of the funds of the Anglican Synod, which held a mortgage against the property of J. L. Brooks, of Saanich. P. G. Fowkes appeared on behalf of the mortgage holders and represented that the arrears of taxes and interest as well as principal were threatening the investment.

IMPROVED PROPERTY
Mr. Maclean argued that the farm was in the very best of shape and that Mr. Brooks had improved the investment of the mortgage holders by the permanent improvements put upon it. There was a prospect of selling twelve acres as a tulip farm and the prospects were brighter for the payments.

Mr. Maclean asked that the order be delayed for a year in order to allow the farmer to get returns from prospective sources of revenue off the farm. He contended that the Mortgage Act was intended to cover such cases and to allow farmers, of all persons, to stay on their farms.

Grand National To Be Held at 6:45 A.M. Friday

THE ninety-sixth running of the Grand National steeplechase at Aintree, England, one of the world's foremost turf events, will be described over the Columbia network tomorrow at 6:45 a.m. P.S.T. R. C. Lyte and H. Hobbs, horse-racing experts of the British Broadcasting Corporation, will alternate at the microphone. One will be stationed at a point of vantage in the grandstand, and the other will have his microphone along the course. Before the running the pair will give their international audience a graphic word picture of the difficult course with its many tricky jumps and dangerous water hazards. It is expected KOL, Seattle, and KVI, Tacoma, will release the event.

their farms. Mr. Fowkes, for the mortgage, asked to cut the adjournment to sixty days, contending that the arrangements entered into were not being carried out.

The court felt that in times like the present it was hard to live up to expectations, and he accordingly delayed the application until September 5, on condition that certain stipulations be lived up to.

A navy entered a restaurant and ordered meat pie.

After eating a little of it he turned to the proprietor, exclaiming: "Lumme, guv'nor, what 'ave yer put in this 'ere pie? It ain't 'art tough."

"Horse flesh," came the answer in a sarcastic tone.

"Well," retorted the navy, "I don't mind 'orse, but yer might 'ave took its 'arness off."

CITY'S PRIVATE BILL ENDORSED

Would Empower Victoria to Renew Mortgage and Purchase Capital Stock

The City of Victoria's private bill in which power is sought to renew the mortgage on the Goldstream waterworks system, and also to secure power to refund the amount of the mortgage, was finally approved by the private bills committee of the Legislature yesterday morning.

In the bill the city also is empowered to purchase capital stock of the Esquimalt Waterworks Company by taking funds out of the waterworks sinking fund. This permits the city to make a substantial saving whenever the stock of the company can be purchased at par.

Power to refund \$27,000 of serial debentures also is incorporated in the bill, which will be recommended to the Legislature.

VICTOR ROSS LEAVES ESTATE OF \$600,000

TORONTO, March 21 (CP).—An estate valued at approximately \$600,000 is disposed of by the will of Victor Ross, vice-president of the Imperial Oil Company, who died February 23. Application for grant of letters probate is being made by the Toronto General Trusts Corporation, executor named in the will.

A firm kept a book in which each employee was required to write his name every morning, together with the time of his arrival, and his excuse he might have for being late. The first man always gave as his excuse: "Train late," and the others followed suit by writing "Ditto."

One morning, when the usual number of "dittoes" had followed the first man's alleged excuse, it was seen that the latter had written: "Wife had twins."
